

Year 1 – Childhood

We can learn a lot about the past by finding out what it was like to be a child years ago and comparing that with what it is like today.

Important life events

Important life events include birthdays, religious festivals or family celebrations. Some happen every year and some happen at different stages of life.

Birthdays happen every year.

Weddings happen when two adults get married.

At each stage, people have different needs, responsibilities and lifestyles.

The 1950s

The 1950s were different from today.

There were few supermarkets, so shoppers had to visit many different small shops.

Most people listened to the radio because televisions were very new.

Children played out in the street. The roads were very quiet as there were not many cars.

Many men worked in coal mines, factories and shipyards. Some women worked but many became housewives when they got married.

Changes over time

The way people use land changes over time. For example, in the 1950s there were fewer cars, so fewer roads were needed. Today lots of people have cars, so there are many more roads for people to drive on and driveways for parking.
