## Y5 Planetarium Visit

Dear Parents/Carers

On Wednesday 13<sup>th</sup> May, Year 5 will be ready to blast off with Starlincs Mobile Planetarium.

Starlincs planetarium provides a unique opportunity for children to delve into the mysteries of space in a fantastic, fun, and, most importantly, educational environment. Activities such as these really help to bring the curriculum alive for pupils - it promises to be a very exciting and educating day!

Children will discover the mysteries of:

- Earth and Space - how we have day and night on planet Earth and why we see the phases of the Moon ensuring that the children can understand the movement of the Earth and Moon relative to the Sun.
- Greek Mythology - Have you ever wondered how the constellations got their names? Taking you back to the time of Ancient Greece we go on a journey of discovery to find out.
- Mission to Mars- It is possible that man will visit our nearest neighbour in our lifetime. But how will they do it? Children will be introduced to the concepts of inter-planetary space travel. Experience the taste and smells of space, consider how you will safely land on Mars, and experiment with creating asteroids.

We are asking for a contribution of £13.00 per pupil. Payment must be made via Parentpay and can be paid by instalments if this is more convenient. Those families in receipt of free school meals may contact the office for alternative payment details. Whilst no child can be excluded for reasons of non-payment, the visit may have to be cancelled if there are insufficient funds. **Full payment will need to be made by Friday 24<sup>th</sup> April please.**

Kind regards  
Mr C Chadburn  
Class Teacher
