

## Ocelots- Summer Term Miss Khalil

### Computing

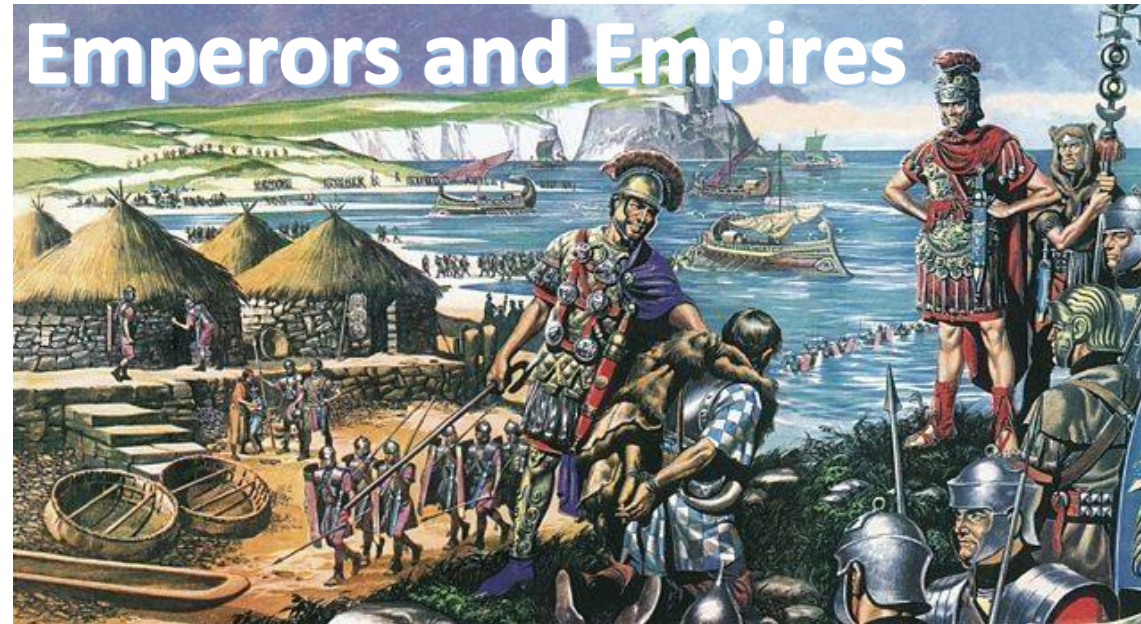

This term in computing we will be interpreting data, creating our own charts as well as exploring branching databases and what they are used for.

### Science

In Science, we will be learning about different types of forces, such as push, pull and friction. We will then move onto plants and their properties, this will include why they are important to everyday life to labelling the key parts.

While continuing to work on our Spelling and Grammar work, we will be writing a setting description based on 'Escape from Pompeii' as well as a recount letter. We will also be writing our own biography about a Roman Emperor before exploring riddles in poetry work.

### DT

In DT, we will **design and make our own greenhouses, exploring different materials and structures to create a strong and effective design.**

### History

History will be the main driver this term as we explore the Ancient Romans. In Summer 1 we will be focusing on how the Roman Republic and Roman Empire started and what life was like in everyday Rome. In Summer 2, we will be learning about the Roman's invasion of Britain. We will also be going on a school trip to Lincoln and we will complete a variety of activities based on life in Roman Lincoln.

### English

### Maths

In Maths, we will continue to look at fractions, before moving onto time, properties of shapes mass and capacity. Children are encouraged to practice their 3, 4 and 8-times tables on Times Table Rockstars.

### Music

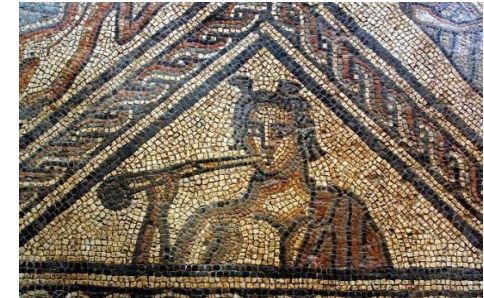

This term in music we will be looking at rhythm, pitch and tempo, and how this is important in our singing.

### PSHE

This term we will focus on how to keep safe online, explore bullying and gender stereotypes in jobs, before moving on to learning ways to boost self-esteem.

### RE

We will be learning about iconic religious figures in Judaism, Islam and Christianity and why they are celebrated by these religions.

### P.E.

There will be two PE sessions a week for the children. The children will firstly be focusing on athletics and then they will be doing cricket.

### Spanish

The children will be learning how to say different names of pets in Spanish.

### Art

We will be exploring Roman mosaics, before planning, designing and creating our own versions later in the term.
